WHO IS HAWKEYS

Hawkeys is a dynamic DJ and music producer known for his ability to seamlessly blend genres and create captivating musical journeys. With a deep-rooted passion for melodic techno and underground tech house during the winter, he brings a darker, more immersive energy to the dancefloor. As summer arrives, Hawkeys transitions to a vibrant, Latin-infused sound, delivering groovy beats that perfectly capture the season's spirit.

Having played twice at the iconic Tomorrowland, as well as at major festivals like Ostend Beach and Sunrise Festival, Hawkeys has firmly established himself in the Belgian music scene. His sets are a masterclass in energy and emotion, consistently captivating crowds at clubs and festivals across Belgium. Whether in the depths of winter or the heights of summer, Hawkeys knows how to take his audience on an unforgettable musical journey.
